

SALIM TURDALIEV

PROJECT MANAGER | RESEARCH & CONSULTING DELIVERY | DATA & POLICY ANALYTICS

Residency: Prague, Czech Republic | Citizenship: Uzbekistan | salimturdaliev@gmail.com | [salimturdaliev.github.io](https://github.com/salimturdaliev)

PROFESSIONAL PROFILE

Applied economist and advanced quantitative analyst with 10+ years of experience delivering research, market-insight and policy-consulting assignments from proposal and budget through data collection, analysis and final reporting. Managed two Charles University GA UK projects with combined budgets of CZK 1.741 million and led development of a three-year GAČR Project (VŠE) with a total budget of CZK 4.231 million. Experienced in team resourcing, vendor negotiation, laboratory and field research operations, cost control, schedules, risk management and delivery of clear client, policy and academic outputs.

CORE CAPABILITIES

Project scoping & delivery | Budgeting & cost control | Work plans, milestones & dependencies | Team & resource coordination | Vendor negotiation & fieldwork management | Stakeholder & client communication | Risk, issue & quality management | Survey, focus-group & research operations | Grant proposal development | Advanced data analysis & decision-ready reporting

RELEVANT PROFESSIONAL EXPERIENCE

Prague University of Economics and Business (VŠE) | Research Fellow / Project Lead | Prague

Nov 2025–Present

GAČR 27-28289S | Principal Investigator & Proposal Lead | CZK 4.231M

Stated–Revealed Preference Gaps in Pro-Environmental Preferences: Experimental Analysis of Information Interventions

- Led the development and submission of GAČR Standard Project 27-28289S as Principal Investigator, translating the research concept into a three-year, CZK 4.231 million project with a detailed work plan, defined milestones, team structure, resource allocation, full budget, risk controls, ethics and GDPR safeguards, and specified outputs.
- Designed the governance and delivery model for four investigators, a doctoral research assistant and an external fieldwork agency; allocated responsibilities across experimental design, programming, recruitment, implementation and quality control. Planned harmonised laboratory and field experiments covering 1,175 participants, with milestones through analysis, a flagship journal article, policy brief and open replication package.
- Lead academic research from planning through publication: set priorities, coordinate team inputs, schedule data and modelling tasks, track dependencies, and integrate contributions into quality-controlled outputs.

RPA Prague | Economist – Project Delivery & Analytics | Prague

Dec 2023–Aug 2026

- Plan and deliver quantitative workstreams across EU policy studies and evaluations for European Commission directorates and EU agencies, translating scopes into tasks, schedules, dependencies, review points and client-ready deliverables.
- Contributed to data collection, survey and questionnaire development, stakeholder-evidence review, modelling and report drafting within multidisciplinary teams, with responsibility for assigned analytical workstreams and data-quality checks and advanced data analytics.
- Managed end-to-end data analysis using R, Python, Stata and Excel, from data construction and validation through modelling, robustness checks, visualisation and clear technical or executive-level reporting.
- Selected delivery outcome: co-authored the European Commission's Prospective Study on the Future of the Postal Sector – Final Report (2024), contributing to data collection, econometric analysis and report drafting. <https://data.europa.eu/doi/10.2873/0431952>

De Facto Marketing | Project Manager & Data Analyst | Tashkent

2010–2014

- Managed end-to-end client research engagements, from initial brief, scoping and budgeting through fieldwork, analysis and final delivery.
- Designed quantitative surveys and focus-group studies; coordinated field teams, moderators, analysts and external suppliers; tracked recruitment, data collection, data analysis, coding, milestones and quality.
- Prepared budgets, negotiated supplier and data-collection costs, monitored spend and scope changes, resolved delivery issues and kept clients informed on progress.
- Analysed survey and focus-group evidence and translated findings into practical, client-facing marketing recommendations.

Charles University | GA UK Project Lead / Researcher / Lecturer | Prague

2019–2025

CIEE, Charles University | Lecturer | Prague Sep 2023–Jun 2025

- Taught undergraduate courses on the Economics of the European Union and comparative European economic systems, with responsibility for assessment design, grading and student supervision.
- Designed, updated and audited course syllabi, weekly topics, learning materials, readings, assignments and assessment rubrics on EU institutions, economic integration, energy policy, monetary and fiscal policy, and comparative economic systems.

GA UK 454120 | Principal Investigator & Project Manager | CZK 865,000**2020–2022***The Effect of Non-linear Tariff on Energy Demand and Investment in Electric Durables in Transition Economies*

- Developed and managed the full project plan and budget, including research activities, experiments and data collection, team responsibilities, co-investigator compensation, milestones and deliverables.
- Negotiated data-collection scope, costs and timelines with external firms; coordinated fieldwork, monitored progress and budget use, resolved issues and led the analytical and reporting work through completion.
- Recognized in 2023 as the best GA UK project at the Faculty of Social Sciences, Charles University, and awarded a faculty scholarship for outstanding achievement.

Publication deliverables:
